

General Advising Information

Spring 2021 student registration access will be activated according to your current standing—determined by credit hours completed—and the following schedule:

1. Mon, Nov 9, 8:30am: Student athletes, ROTC students, and students with disabilities
 2. Tues, Nov 10, 8:30am: Graduate & U5 (5th Year Undergrad) & U4 (4th Year Undergrad) registration starts
 3. Wed, Nov 11, 8:30am: U3 (3rd Year Undergrad) registration starts
 4. Thurs, Nov 12, 8:30am: U2 (2nd Year Undergrad) registration starts
 5. Fri, Nov 13, 8:30am: U1 (1st Year Undergrad), exchange, visiting, and non-degree student registration starts
- Student class standing for registration is based on earned hours, which **does not include** classes taken in the Fall 2020 semester.

Spring and summer 2021 class schedules are officially available Monday October 26. (We will not be advising on summer courses until spring.) You can view the class schedule either in the MyIIT Academics tab or in the “quick links” on www.iit.edu; you can also use the “secret faculty version” of the schedule at <https://wildfly-prd.iit.edu/coursestatusreport/>; just select your subjects from the drop-down box. In order to see **ALL** ITM courses using MyIIT drop-down menus, you must hold down your CTRL key and select Information Tech and Mgmt, ITM Development, ITM Management, ITM Operations, ITM Security & ITM Theory and Technology.

Due to the COVID-19 contingency plan now in effect, all advising for Spring will take place online. Google Meet information for each undergraduate adviser is provided below.

For Professor Trygstad’s Advisees: You may schedule an appointment at <http://trygstad.rice.iit.edu/appointment/> but *please* ensure you log into the Google Meet at or before your scheduled time in order to be fair to your fellow students. Oh and by the way, I wrote these notes so I am responsible for them.

Professor Trygstad Spring 2021 Advising Google Meet:

URL: <https://meet.google.com/bjt-cvwh-uib> | Code for mobile apps: [bjtcvwhuib](#)

Phone Number (US)/PIN: +1 262-448-3014 / PIN: 759 224 256#

You cannot make an appointment during my *scheduled office hours* (3 pm – 5 pm Monday and Wednesday) or on Fridays. **Just log in to the Meet** and say something so I hear you are there; I may not be on that screen. If I am not logged into the Meet on Fridays it mean I am working or are in meetings and am not available. Evening advising is unlikely but, along with advising at a location other than online, can only be arranged by appointment via email.

For Professor Hajek’s Advisees: Professor Hajek is Tuesday through Thursday afternoons and Friday mornings, and can be available by prior arrangement for advising on Mondays.

Professor Hajek Spring 2021 Advising Google Meet

URL: <https://meet.google.com/kif-efci-kjy> | Code for mobile apps: [kifefcikjy](#) | Please make sure you are logged into your @hawk.iit.edu email, otherwise

Google Meets will give you a message that you are waiting for an invite—but there is no way for me to see the invite or let you in.

Phone Number (US)/PIN: +1 917-336-4038 / PIN: 380 145 903#

You can make an appointment with Professor Hajek at at <http://hajek.youcanbookme.com>.

Spring Course Section Codes for Instructional Methods

Due to the COVID-19 pandemic, new codes attached to section numbers indicate the instructional method of the course. Information Technology and Management courses are **ONLY Hybrid (S) or Online (V)**. Please note that ITM section numbers with no code are also **online only**.

Code	Instructional Method	Instructional Method Full Name	Description
A	Hybrid (A)	Hybrid Asynchronous	Lecture capture. If enrollment exceeds room capacity with social distancing restrictions, faculty will establish an alternating attendance schedule that will allow a substantial in-person experience for non-distance learners. Non-distance learners are expected to attend live when scheduled, and watch lectures electronically on other days.
S	Hybrid (S)	Hybrid Synchronous	All classroom activities (audio and video) will be able to be seen and heard by students regardless of their location. The course will have a meeting pattern. If enrollment exceeds room capacity with social distancing restrictions, faculty will establish an alternating attendance schedule that will allow a substantial in-person experience for non-distance learners. Non-distance learners are expected to attend live when scheduled, and attend remotely on other days. This technology allows for asynchronous attendance as well (if approved by the instructor.)
none	In Person or Online	Traditional In Person or Online Only	Fully on-campus in a classroom with social distancing. Distance Learners should not enroll. However, note that if the Campus listed is “Internet” the course is online only, and it may be linked in Blackboard to a Hybrid (S/A) course.
V	Online (V)	Online	Course structure will vary by instructor. Physical attendance is not required. Can be linked in Blackboard to a Hybrid (S/A) course.
J	Online	Winter session courses (online)	These courses are offered December 31, 2020 to January 09, 2021 and are online only.

MATH for BITM Undergrads

BITM first-year students should all register for **MATH 180 Fundamentals of Discrete Math**. BITM students who have completed MATH 180 should take their statistics course. You can register for **BUS 221 Business Statistics** or **MATH 425 Statistical Methods**. Alternatively you can wait for fall and take **PSYC 203** or **MATH 225** which are not being offered in the Spring 2021 semester. **BUS 221** may require a departmental permit from the Director of the Undergraduate Business program, Prof. John Twombly (twombly@iit.edu). If you are not allowed to register for BUS 221, request your permit from Professor Twombly. He will probably not issue any permits until he is sure that all business students who need the class have registered.

MATH for BSACIT Undergrads

First-year students should register for **MATH 151 Calculus I** or **MATH 151 Calculus II** if you have completed **MATH 151**. Upperclass students who have completed the calculus sequence (MATH 151, 152, and 251) should take **MATH 230 Introduction to Discrete Math** or **MATH 474 Probability and Statistics**.

ITM First Year Undergraduate (Freshman) Advising

All ITM first-year students need to take a Natural Science or Engineering elective. Remember that two courses in Natural Science or Engineering must be in the same subject area. In this area we strongly recommend **EG 225 Engineering Graphics for Non-Engineers**. The instructor, Jim Novak, has written the most widely-used textbooks in the field. Registering for **EG 225** requires a permit from Jim Novak; you must email him at novak@iit.edu to request the permit and ensure that you include your CWID (A#).

All ITM first-year students should also take a lower-level social or behavioral science elective. Remember that you must take 9 hours of lower-level social or behavioral science and humanities (100/200) but it can be two humanities and one social or behavioral science or two social or behavioral science and one humanities course. Some upper level Social Science courses require completion of a prerequisite in the same area so it may be best to take two lower-level social science classes in different areas and only one lower level humanities course. If you did not take it in the Fall term, first-year students should take a 100/200-level humanities elective, i.e. HUM 20X, or take a lower social or behavioral science elective.

ITM Current Second Year Undergraduate (Sophomore) Advising

Sophomore (U-2) students who entered the program as first year undergraduates (freshmen) need to start thinking about a minor, as completion of a minor is required in the BITM program. It can be anything you want—I do think it's amazing to see someone in IT minor in philosophy—but you really need to start thinking about this. An interesting minor with a strong relationship to ITM is Supply Chain Management. Remember also that BITM students may need **BUS 221 Business Statistics**, or **MATH 425 Statistical Methods**, which are only offered in the Spring term—so you should grab one.

All second year students who have completed ITM 311 and ITM 313 need to take ITMD 411 if you have not done so already.

ITM Current Third Year Undergraduate (Junior) Advising

Junior (U-3) BITM students who entered the program as first year undergraduates (freshmen) should be one or two courses into your minor since completion of a minor is required in your ITM program. If you are not, we *seriously* need to talk. Also, transfer students who have completed a semester at IIT may want to consider entering the Co-Terminal Degree program, which would allow you to earn a Master's degree while you are an undergraduate; speak with your adviser for more details.

Humanities General Education Elective Selection

Here are Professor Trygstad's recommendations for Upper-Level Humanities General Education electives for Spring 2021 with my reasons. We can't promise a course will be good; we're just trying to highlight the courses we believe would be of the most interest to ITM students. There are a number of courses we think will interest you this term, and there's a few evening humanities courses offered, so if you work full-time, grab one while you can! All courses are at Mies Campus, and most sections have 22 seats. All are online only. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

The Rise of the Global Economy: Great topic taught by a faculty member well respected by ITM students. **Evening course!**

25560/HIST 340-V01/Mon 6:45pm-9:35pm/22/Internet -/Val Martin

History of Chicago: Interesting topic by an expert in Chicago history. **Inter-session course which runs 12/31/2020 - 1/9/2021**

29726/HIST 352-J01/-/22/ Internet -/Mindy Pugh

Science in the 20th Century: Good course taught by a consistent favorite of ITM students. **Evening course!**

27583/HIST 384-V01/Thurs 6:45pm-9:35pm/22/Internet -/Val Martin

Women in Computing History: Two sections of a great course for ITM students; learn about Grace Hopper, Anita Borg, Dorothy Vaughan, and more.

51997/HIST 385-V01 & 51998/HIST 385-V02/-/22/Internet -/Mar Hicks

Fundamentals of Game Design: The course for all gamers from an expert in the field.

52002/HUM 371-V01/Mon-Wed 9:40am-10:55am/22/Internet -/Carly Kocurek

Topics: Magical Realism in Film and Fiction: It just sounds intriguing... **Evening course!**

29729/LIT 380-V04/Mon-Wed 5:10pm-6:25pm/22/Internet -/Katherine Thompson

Philosophical and Ethical Aspects of Artificial Intelligence: Great topic for ITM; good complement to ITMM 485 which we also offer in the Spring.

51473/PHIL 380-V07/Tues-Thur 11:15am-12:30pm/22/Internet -/Elisabeth Hildt

Social and Behavioral Science General Education Elective Selection

Here are my recommendations for Social and Behavioral Science General Education electives for Spring 2021 with my reasons. All courses are at the Mies Campus unless noted otherwise. The Subject Code SSCI is applied to courses that formerly were cross-listed as both Political Science and Sociology, and can count as either for prerequisite and subject distribution purposes. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

Social Communication: Interesting class taught by one of the best instructors at IIT.

52084/SOC 305-V01/Tues 6:45pm-9:35pm/27/Internet -/Ullica Segerstrale

Social Use of Space: If you took SOC 211 and liked it, you belong in here.

29689/SOC 311-V01/Wed 6:45pm-9:35pm/27/Internet -/Ullica Segerstrale

Global Chicago: A look at Chicago's place on the world stage. Odd time and day but it might work out in your schedule.

I recommend this course but I do not recommend this instructor. And it is **live only**.

27641/SSCI 220-01/Fri 9:40am-12:30pm/27/TBA/Elizabeth Friedman

Geographic Information Systems: A strongly IT-related course; good to have on a resume. You can follow it up with SSCI 325.

52085/SSCI 225-V01-/27/Internet -/Hao Huang

Industrial Psychology: This course is highly recommended and professionally relevant. And no prerequisite!

52104/PSYC/301-V01/Tues-Thurs 8:05am-9:20am/49/TBA/Michelle Jackson

Natural Science/Engineering Elective Selection

Here are my recommendations for Natural Science/Engineering General Education electives for Spring 2021 with my reasons. All courses are at the Mies Campus. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

Engineering Graphics for Non-Engineers: Learn to read blueprints and much more. Jim is "officially" retired and we don't know how much longer he will teach this course, but he is the wizard of engineering graphics so get it while you can. If you want or need to take this, send an email to novak@iit.edu to request a permit to register, and be sure to include your student ID number.

10137/EG 225-V01/Internet/36/Internet -/James Novak

If you are following the EG sequence for your Natural Science/Engineering requirements, you should note that **EG 325** and **EG 425** are also offered this term.

Recommendations for Free Elective Selection

I have listed some free electives on the Humanities page in the course listings below, but I have no specific recommendations for Spring 2021.

Spring 2021 IIT Core Curriculum Elective Listing, Spring 2021 ITM Course Listing

I have included a complete list of what I view as all the applicable IIT Core Curriculum courses for the Spring so you don't have to track them all down yourself. I've also included all ITM undergrad and graduate courses and INTM courses for the Spring. Industrial Technology and Management (INTM) courses can apply to the INTM or Supply Chain minors, or with adviser permission can be taken as ITM electives.

ITM "Featured" Electives for Spring 2021

Hot ITM electives for the Fall term. All course data follows the format:

CRN/Course Number/Days-Time/# of Seats/Bldg-Room/Instructor

Topic: CRM Applications with Salesforce: Hot topic topics course by an expert in the field; he literally wrote the book on this.

51201/ITMD 419-V01/Thurs 6:45pm-9:35pm/10/Internet -/Seth Kinnett

52338/ITMD 419-02-/10/Internet -/Seth Kinnett

Topic: Cloud Computing - Azure: Another hot topic taught by senior Microsoft developer Martin Schray. Prereqs are ITMD 411 and ITMD 361.

51202/ITMD 419-V03/Mon 6:45pm-9:35pm/5/Internet -/Martin Schray

52339/ITMD 419-04-/10/Internet -/Martin Schray

Open-Source Programming: Intermediate Python! Taught by Sam Shamsuddin—not only an experienced sysadmin but also a martial arts guru!

11395/ITMO 417-01/Tues 5:00pm-7:40pm/15/Mies/Sam Shamsuddin

11396/ITMO 417-02/Internet/7/Online/Sam Shamsuddin

Operating System Virtualization: VMware, Hyper-V, Xen, VirtualBox; the key technologies that drive the modern datacenter and the cloud are introduced and placed in context in this course. Prereq is ITM 301 or ITMO 456.

50317/ITMO 454-S01/Thurs 5:40pm-9:15pm/12/Mies-/Phil Matuszak

52334/ITMO 454-02-/15/Internet-/Phil Matuszak

Database Security: The subject of how to secure enterprise data assets. Prereq is ITMD 321.

28917/ITMS 428-V01/Tues 6:45pm-9:35pm/6/Internet-/Kevin Vaccaro

28918/ITMS 428-02-/5/Internet-/Kevin Vaccaron

Operating System Container Orchestration: Containers have become one of the hottest areas of virtualization; they provide a robust lightweight virtual environment with minimum overhead.

51558/ITMT 495-S01/Mon-Wed 2:00pm-3:15pm/22/Mies -/Jeremy Hajek

52213/ITMT 495-02/Mon-Wed 2:00pm-3:15pm/20/Mies -/Jeremy Hajek

Cyber Security Management is an in-depth look at the program creation, administration and management elements of information security at an enterprise level. It's a required course for ACIT students. Regardless of your major, if you are going to do a Co-Terminal Degree in cybersecurity, select ITMS 578 instead—same time, location, and instructor. And if you are only going to take one other cybersecurity course beside the required ITMS 448, this should be the one.

50325/ITMS 478-S01/Tues-Thurs 3:35pm-4:50pm/10/Mies-/Ray Trygstad

50327/ITMS 478-02/-/5/Internet-/Ray Trygstad

ITMS courses: There is a very complete set of ITMS courses this term: **ITMS 418, ITMS 428, ITMS 438, ITMS 448, ITMS 458, ITMS 478, ITMS 484, ITMS 514, and ITMS 588.**

Key Forms from Undergraduate Academic Affairs (UGAA)

Academic Audit Request Form: An academic audit provides a summary of a student's academic status to date and lists the courses to be completed in order to receive a degree. Students can request an official academic audit from the Office of Undergraduate Academic Affairs after they have earned a minimum of 60 semester hours including transfer credit (90 semester hours for Architecture students), and completed at least one semester at Illinois Tech. Audits typically take 7-10 business days to process, but may take longer depending on the time of the semester. **This is the form you need to submit if you want to know what you have left to do to graduate.** <https://iit.secure.force.com/form?formid=217960>

Change of Major Request Form: A student who wishes to change or declare a major must complete a Change of Major form. The form will be sent to the department of the intended major for approval. Any change of major that is approved after the Add/Drop deadline will be processed for the following semester. <https://iit.secure.force.com/form?formid=217961>

Change of Status Request Form: Students changing from non-degree status to full-time or part-time degree-seeking status must submit this Change of Status form. Students must have completed at least one semester (12 hours) of relevant coursework at Illinois Tech and must be in good academic standing in order to be eligible for changing their status. <https://iit.secure.force.com/form?formid=217962>

Dual Degree/Double Major Request Form: Students who wish to earn two undergraduate degrees can declare a Dual Degree. Students working towards a Dual Degree must complete 15 hours above and beyond those required for their first degree. Upon graduating, the student will receive two diplomas. (*Psychology is the simplest major to pair with the Bachelor of Information Technology and Management for a dual degree.*)

Students who wish to earn two undergraduate degrees can declare a Double Major. This is different from the Dual Degree listed above. Only students majoring in Applied Analytics, Applied Mathematics, Computer Information Systems, Global Studies, Humanities, and Psychological Science are eligible to declare a Double Major, so this does not apply to students in the Department of Information Technology and Management. Upon graduating, the student will receive one diploma with both degrees posted.

The form will be sent to the department of the intended 2nd major for approval. Any Dual Degree or Double Major that is approved after the Add/Drop deadline will be processed for the following semester. <https://iit.secure.force.com/form?formid=217963>

Letter of Intent Request Form: Students in their last semester can request a Letter of Intent for prospective employers or graduate schools. The Letter of Intent will state that a student will graduate that semester upon successful completion of that semester's coursework. <https://iit.secure.force.com/form?formid=217966>

Minor Request Form: A minor consists of at least five courses (minimum of 15 credit hours) not required for a degree program. Students who take the standard core curriculum's distribution of courses may apply them toward the requirements of any approved minor. Note that not all minors are applicable to all majors. (Minors are required for Bachelor of Information Technology and Management students unless you are a transfer student or changed majors after completing 30 or more hours.) <https://iit.secure.force.com/form?formid=217964>

Reinstatement Application: All undergraduate students who were not in attendance for at least one semester must submit this application to return to the university. The deadlines for the application are June 15 for the Fall semester, November 15 for the Spring semester or April 15 for the Summer term. <https://iit.secure.force.com/form?formid=217965>

Transfer Credit Petition Form: An undergraduate student registered at Illinois Tech who wishes to enroll at another institution must submit a Transfer Credit Petition Form to the Office of Undergraduate Academic Affairs for approval prior to registration at the other institution. This includes registration at another institution for the summer term. Upon completion of the course, please have your official transcripts sent to Illinois Tech. **This is the only effective form now; the paper or PDF form may not be used any more.** <https://iit.secure.force.com/form?formid=217932>

Links to all of these forms can always be found on the Undergraduate Academic Affairs UGAA Services page at <https://web.iit.edu/ugaa/services>.

Spring 2021 Core Curriculum Courses for Information Technology and Management Undergraduates

New 10/26/2020
